

AUGUST 20-21, 2024

2024 GEORGIA AGRICULTURAL LABOR RELATIONS FORUM

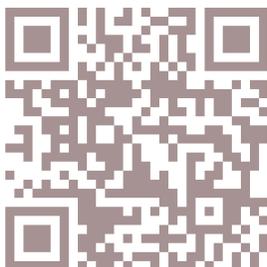

Ag labor ranks consistently among the leading issues that keep growers up at night. As Georgia continues to rely on a growing number of both H-2A and H-2B workers to meet our needs for a documented and reliable workforce, ag employers are faced with unique challenges associated with guest worker programs.

The 2024 Ag Labor Forum is designed to help Georgia's ag employers navigate the complex rules and regulations of ag employment and is a must attend event for anyone using or considering using the H-2A and H-2B guest worker programs.
